THE MINISTER OF RAILWAYS (SHRI GEORGE FERNANDES) : (a) to (c) A proposal was received from the Government of Orissa for a new railway line from Khurda Road to Balangir, passing through Phulbani District. Accordingly, a survey was carried out for Khurda Road–Balangir (289 km) new BG railway line in 1986. The project was then estimated to cost Rs. 209 crores with 1% return on investment. An alternative alignment via Phulbani was also surveyed by the same was found very costly and with steeper gradients and as such could not be considered.

The proposal was sent to the Planning Commission for consideration and approval for development of backward areas during VIII Five Year Plan. Planning Commission has directed that the project be referred to the Working Group on Railway's Programmes for the Eighth Five Year Plan. However, the sub-group for new lines had not identified any particular new line project for inclusion in the Eighth Plan document for consideration of the Working Group but had only included a lumpsum kilometrage for new starts. Taking up of Khurda Balangir project would, therefore, depend on availability of resources in the Eighth Plan, and the position this project will get in the overall national priorities.
